Sustainable living is fundamentally the application of sustainability to lifestyle choice and decisions. One conception of sustainable living expresses what it means in triple-bottom-line terms as meeting present ecological, societal, and economical needs without compromising these factors for future generations.

"Margie and Deb have done a phenomenal job of revising Designs for Living and Learning to ensure that the culturally relevant environments being created by paradigm shifting early childhood programs are highlighted. However, the power of their work is not in merely capturing the images that captivate our senses, but rather it is in providing us a window into the intentionality behind these images.
