

locus solus site identity pdf

Locus Solus's "Site, Identity, Technology and Contemporary Art" deploys polemical essays around these general issues together with essays specific to a handful of the projects that Locus+ has initiated. At times reading like an extended annual report, it valuably summarizes the considerable amount of outcomes achieved in its short 7-year history.

Locus Solus: a unique or solitary place. Locus +, a nonprofit artists' space with no walls, borrows this publication's title from a 1914 book by French writer Raymond Roussel in which a brilliant but deranged scientist pursues fantastical experiments, including projects to automate the making of works of art.

Abstract. This publication documents selected "site-determined" projects commissioned by LOCUS + (an arts organization based in England). It includes theoretical essays on selected artists' works by Stallabrass (on theme of site), Ratnam (on theme of identity) and Broekman (on theme of technology), as well as reviews by seven authors.
