Flow Learning™s four stages flow naturally from one to the next. Each stage contains nature activities that are easy to play, joyful, intellectually stimulating, and highly engaging. Although it was originally developed for teaching outdoor nature classes, it can be used to teach any subject matter, indoors or outdoors.

Flow Learning - Sharing Nature

Making Materials Flow explains in plain language how to create such a system by applying the relevant concepts and methods in a step-by-step progression. The workbook reveals the exercises, formulas, standards, and forms that a consultant would use to implement the system in your environment.
