Wikipedia articles must not contain original research. The phrase "original research" (OR) is used on Wikipedia to refer to material – such as facts, allegations, and ideas – for which no reliable, published sources exist. This includes any analysis or synthesis of published material that serves to reach or imply a conclusion not stated by the sources.

Methods for the synthesis of qualitative research: a

Original research is research that is not exclusively based on a summary, review or synthesis of earlier publications on the subject of research. This material is of a primary source character. The purpose of the original research is to produce new knowledge, rather than to present the existing knowledge in a new form (e.g., summarized or classified). ...
